

Partnering with builders and designers to create millwork where precision meets reliability.

Case Study

Lasikplus – San Antonio, TX

Project Summary: Cabinetry and solid surface

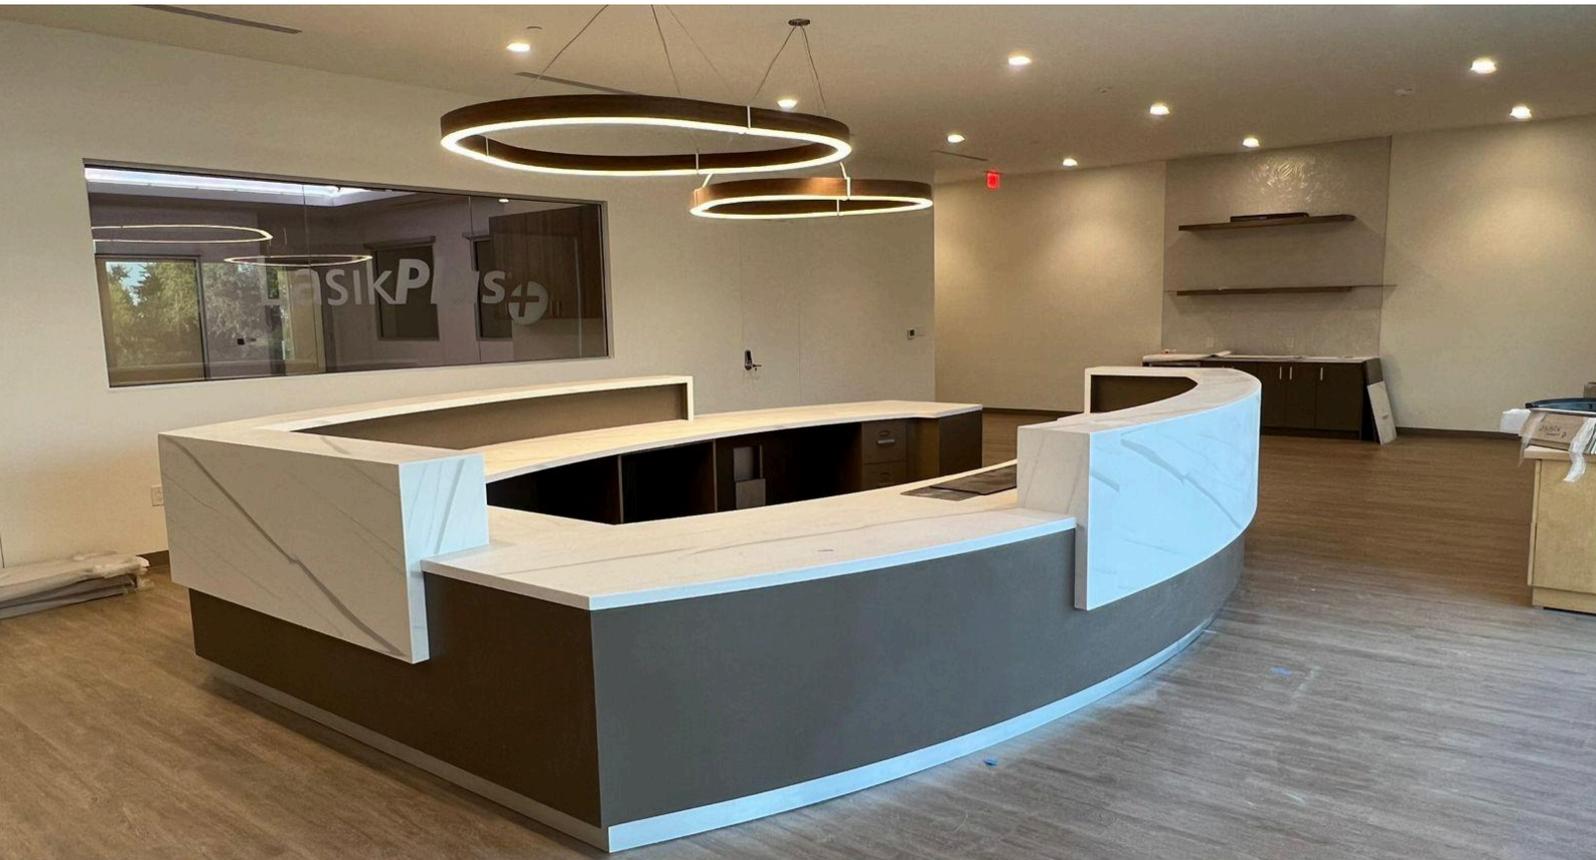

Industry: Medical

Construction Type: Renovation / Remodel

GC: Estes + Sinacori Builders

Accomplished Challenges: We achieved curved solid surfaces in-house, a challenge usually left to specialists.

Our Clients Say: “Working with CM was smooth, from start to finish. Their project management team kept me up to date throughout fabrication on procurement times. We received high quality millwork.”
